Discussion Evening with Simon

English is a complex language, with many strange and attractive little corners. Simon will again mention some of these for your pleasure and interest, and then introduce more general topics to which everyone can contribute. Come and join the conversation. You will not be judged on how correctly you speak! We only get together to enjoy ourselves.

We look forward to seeing you at this program.

This program is free of cost.

The music of Bob Dylan

Last year to many people's surprise Bob Dylan was awarded the Nobel Prize in Literature. For more than six decades, he has remained a mythical force of nature and music in American culture. The Nobel Committee honored Bob Dylan "for having created new poetic expressions within the great American song tradition". NEAT takes this opportunity to pay tribute to the most influential songwriter of the 20th century with a concert.
